

Floortex offer a complete range of doormats for indoor and outdoor use. Designed to protect carpets, hard floors and office space from moisture, salt and dirt, these mats are cost effective and efficient.

Keep your office floors looking clean longer, especially during the ravages of a Canadian winter. The Floortex family of Door Mats keep the dirt, dust and moisture at the door, not tracked throughout your business.

WIPER/SCRAPER MATS

Wiper/Scraper mats are designed to scrape dirt, snow and salt while retaining moisture to keep carpets and floors cleaner. Place your wiper mat inside or between two doorways to trap the dirt and moisture not removed by an outside scraper mat. A proper arrangement of entrance matting will prevent up to 80% of the accumulated dirt from spreading onto your floors. The Wiper/Scraper is a strong performer in collecting dirt and water.

Ecotex Extra Mat

- A wiper mat built to deliver outstanding performance in high traffic locations with traffic of 1,500 or more people per day; including commercial centres, schools, hospitals.
- Surface is 100% recycled polyester material & the rubber bottom is a 20% blend of recycled tires.
- The elevated construction will scrape and hold dirt below shoe level, while wiping moisture.
- The crush-proof V-pattern surface will maintain appearance and performance.
- The water-dam border holds up to 1 gallon of water and prevents dirt from spilling on the floor.
