

DURABLE, INNOVATIVE AND COLOURFUL FLOORSAVING SOLUTIONS

Floortex protects like no other. An unrivalled range of products offers enduring quality to safeguard every floor, chair, and door, keeping high traffic areas cleaner and safer, for longer.

First choice for thousands of customers since 2001, Floortex continues to provide new solutions and unbeatable value.

SUPPLYING THE GLOBE WITH FINE FLOORSAVING PRODUCTS

Since 2001, when Floortex was incorporated, it has grown globally and has been at the forefront of innovation in the manufacturing and marketing of floor protection products. It has expanded operations and partnerships in the United States, Germany, Spain, Japan, Russia, New Zealand, and Australia.

From the beginning, Floortex has been a leader in manufacturing chair mats with more durable and environmentally-friendly materials. And now in 2010, Greenside Group represents the Canadian distribution partnership in offering this range of exceptional quality products that provide unquestionable value.

ECOTEX[®]

revolution mat

NEW 2011

- The world's first floor protection mat manufactured from 100% recycled post consumer PET - a revolution in product development
- Extremely durable, slightly tinted* and 100% recyclable
- Reduces carbon footprint
- 5 rectangular sizes, available with smooth back for use on hard floors.

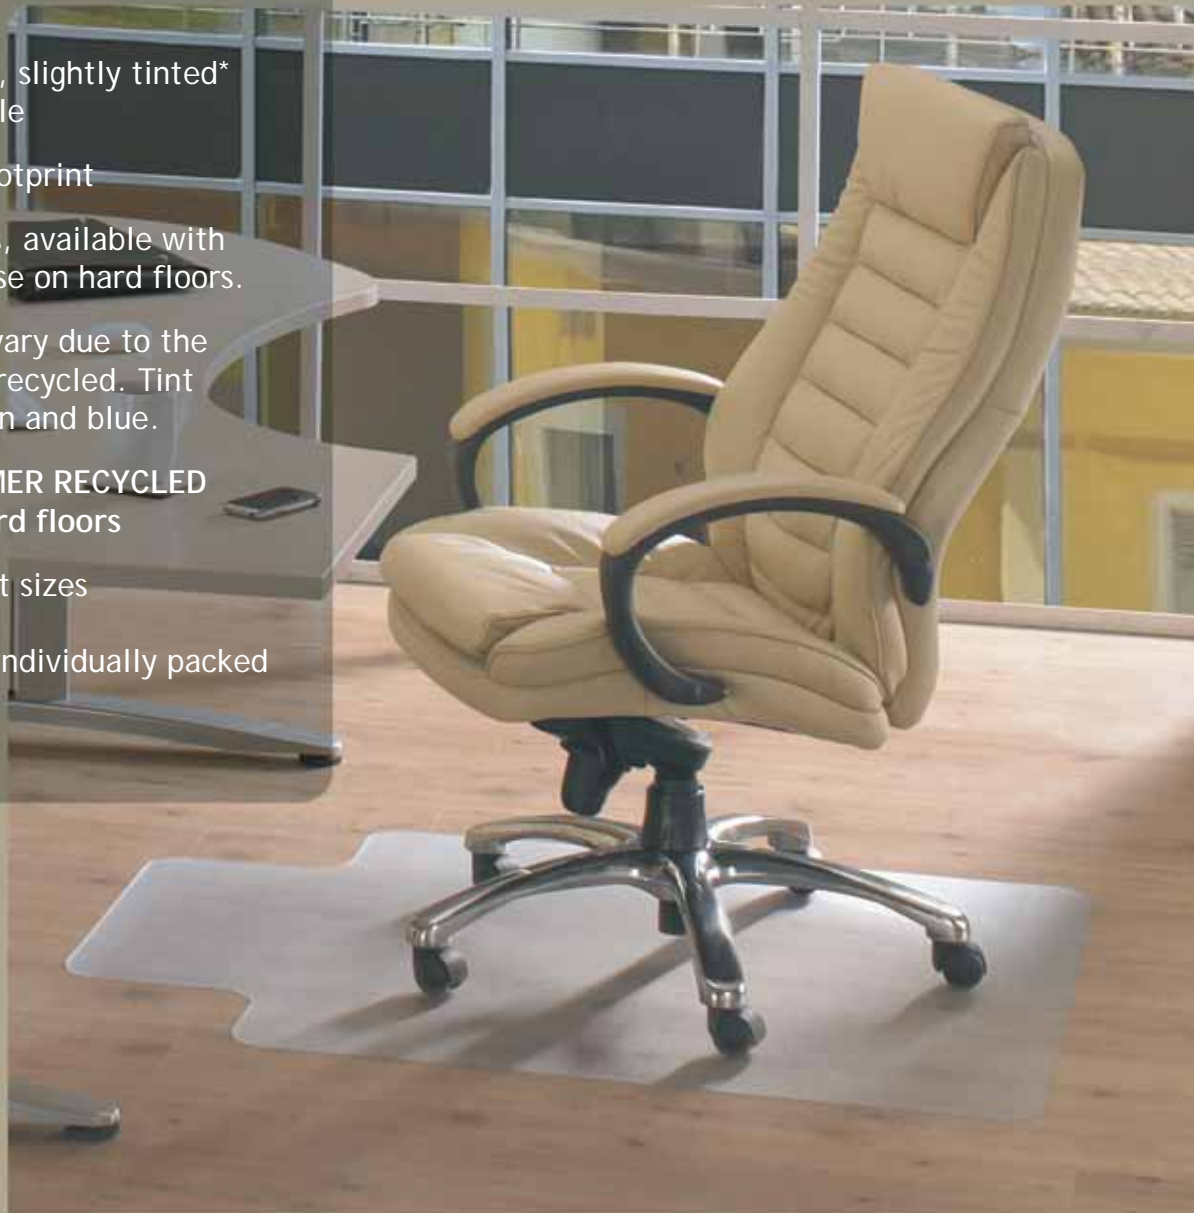

*Tinted colour may vary due to the product being 100% recycled. Tint varies between green and blue.

CLEARTEX[®] ultimat[®] antislip

- All the benefits of durable Ultimat Polycarbonate
- A thermally sealed foil creates a low tack backing that doesn't stick to the floor yet prevents the mat from sliding
- Doesn't leave marks on the floor
- Suitable for all hard floors including laminates, parquet, tiles or stone

Available in different sizes

CLEARTEX[®] ultimat[®] stair treads

- Manufactured from Original Floortex Polycarbonate
- Extremely durable protection for hard floored stairs
- Suitable for straight and curved staircases
- Supplied with double-sided adhesive dots for maximum tack
- Modern appearance

Dimensions: 9" x 25" / Shape: Half moon

COLORTEX[®] ultimat[®] photo

- Adds vibrant colour to a plain floor
- Variety of colours and designs combine high style with practicality
- Polycarbonate does not curl, crack, discolour or smell
- Free from toxic chemicals
- Smooth back for hard floor and very low pile carpet applications

Available in different sizes and colours
Shape: Rectangular

CLEARTEX[®]

advantage^{mat}

- Affordable, long lasting floor protection for the home and office
- Suitable for a wide range of applications
- Smooth back for hard floor types
- Gripper back available for carpets
- Unique Floortex PVC formulation

Available in different sizes and shapes.

COMPUTEX[®]

advantage^{mat} antistatic

Constant movement around electrical devices such as computers, photocopiers and medical equipment causes a build-up of static and dust, damaging the machines and shortening their life span. Computex anti-static mats provide total static protection and attract dust away from sensitive areas, creating a safer environment for the equipment and the people who use it.

- Protects your electrical equipment from the damaging effects of static
- Dissipates static electricity without the need for a ground cord
- Unique PVC formulation for the clearest, most durable anti-static mat
